

Journey of My Healing

Tell us in your own words about your experience here. Be sure to include activities you had trouble with before acupuncture/physical therapy compared to how you are doing now.

My experience has been great. After my first tx I was able to stand upright and walk w/out pain.

Before coming to Legend Rehab, I was not able to sit for a long period of time, stand, bend or squat. Now, I am able to do all that I wasn't able to do plus I am back to working out again which was a big part that I was not able to participate in. Thank you!
